Extended 62" (157.48 cm)

Clutch: Positive grip-action type

Mounting: Standard, male 5/8"
– 27 thread

DESCRIPTION

The Rauland 1122E Microphone Floor Stand is attractively and simply designed and intended for rugged all-purpose use. They incorporate a wear-proof grip-action clutch for positive locking control. A slight turn clamps the stand at any desired height from 34" to 62".

The tubings are of long-lasting steel, finished in non-obtrusive, non-reflecting charcoal gray. The lowprofile base uses edge-concentrated weights to assure maximum stability. The base is finished in matching charcoal gray. Self-leveling shock-absorbing pads are included to protect floor surfaces.

ARCHITECTS AND ENGINEERS SPECIFICATIONS

The microphone floor stand shall be a Rauland 1122E or approved equal. It shall be of the the telescoping two-piece type, adjustable from 34" to 62" in height, and shall be locked securely in any position desired by means of a positive grip-action clutch. The tubing shall be rust-resistant steel, finished in non-reflecting charcoal gray.

The stand shall have a low-profile base equipped with one-piece edge-concentrated weights to proved maximum stability. Self-leveling shock-absorbing base pads shall be included to protect floor surfaces. The stand shall provide standard 5/8" – 27 thread for microphone mount.
